

SURGE PROTECTIVE DEVICES (SPDs)

Service entrance, panel-level & point-of-use surge protection

- Type 1, Type 2 & Type 3 Surge Protection
- Service Entrance Protection
- Distribution Panel Protection
- Industrial & Critical Facility Protection
- Custom Engineered Solutions

UNINTERRUPTIBLE POWER SUPPLIES

Standby, line-interactive & online double-conversion systems

- Single-Phase UPS Systems
- Three-Phase UPS Systems
- Modular UPS Solutions
- Battery Backup Systems
- Maintenance Bypass & Monitoring Solutions

TRANSFORMERS

Dry-type distribution, isolation & specialty transformers

- Dry-Type Transformers
- Isolation Transformers
- K-Rated Transformers
- Harmonic Mitigating Transformers

DOCKING STATIONS

Emergency power & connectivity solutions

- Mobile Workstation Docking Stations
- Industrial Docking Systems
- Charging & Connectivity Solutions
- Fleet & Field Service Applications

POWER QUALITY STUDIES

Rental fleet for monitoring, testing & temporary power protection

- Power Quality Monitoring Equipment Rentals
- Power Quality Analyzer Data Review
- Power Quality Reports with Mitigation Solutions
- Emergency Power Quality Support
- Planned Shutdown & Commissioning Support

INNOVATIVE TECHNOLOGY SPD

Surge Protection • UPS • Transformers • Docking Stations • PQ Equipment Rental
